Presentations to HPS

Dear Reader,

The Health Physics Society (HPS) held its annual meeting in West Palm Beach, Florida on June 25 - 30, 2011. What a pleasure it was to renew acquaintances with colleagues whom I only get to see once or twice a year. My week was very busy with attending an all day Executive Committee meeting as Finance Chair for the American Academy of Health Physics (AAHP), chairing a meeting of the HPS History Committee, and video recording 14 interviews with senior Society members. I also made five presentations as follows: (Note: full presentations are available for downloading, except for the all day workshop).

Ray Johnson

June 25 - **Simple Tools for Counseling Radiation Workers and the Public.** An all day workshop presented for the American Academy of Health Physics to provide continuing education credits to 21 Certified Health Physicists (included a 325 page manual). [Click here to view/print the abstract and agenda.](#)

June 28 - **How We Formed Our Profession - the Psychology of Radiation Safety. It's All About Fears.** A thirty minute presentation as the lead speaker in an AAHP Special Session: Radiation Protection: How Did We Get Here: Where Should We Have Gone? Attended by about 150 and included a handout of seven pages. [Click here to view/print the handout.](#)

June 29 - **The Psychology of Radiation Safety - How to Answer Questions.** A 15 minute presentation to about 150 in a session on Operational Health Physics with a handout of five pages. [Click here to view/print the handout.](#)

June 29 - **Japan Nuclear Fears - Read and Perceived Dangers.** A 15 minute presentation to about 250 in a session on Fukushima Public Information with a handout of seven pages. [Click here to view/print the handout.](#)

June 30 - **The Psychology of Radiation Safety - Simple Tools for Health Physicists.** A one hour presentation to about 125 attendees as a Continuing Education Lecture with a handout of 21 pages. [Click here to view/print the handout.](#)

As always, your questions or feedback are welcomed. Feel free to contact us through email, our blog, or our Facebook page.

Thank you for your continuing interest.

Regards,

We are on

facebook

We have created a Facebook page for the Radiation Safety Counseling Institute. This is another resource for the sharing of radiation safety related information and questions.
